We are here to provide fertile soil (learning environment) to plants (students), with sunlight and water (comprehensive programmes), so the precious plants may grow holistically day by day.
Job Fair has been one of the most remarkable events organized by the Careers Office, for it brings together with recruiters, experienced professionals, and students under one roof.

On 8 March 2013, we are delighted to have thirty-two employers from a wide range of professional industries to present their precious opportunities of graduate employment, internship, and part-time jobs in HSMC. They ranged from accounting, banking, airline, tourism, property management, logistics, to trading and retailing sectors. Five professional bodies also offered to give advice on industry outlook and support for students.

Nearly 1,000 students met with their prospective employers face-to-face, received the first-hand employment information, and submitted application at the Fair. Students also received their golden chance to furnish their resume writing skills at the onsite CV consultation service.

Launched in 2009, the Careers Mentorship Programme has been providing students with a precious chance to foster their personal and career development through connecting them with business executives and industry practitioners serving as careers mentors.

Let’s have a look at the feedback of a pair of mentor and mentee.
I am grateful for being able to participate in the Careers Mentorship Programme for two consecutive years and to learn from my mentors. Mr. Benny Yim, my mentor in last year, has been very supportive and provided me with valuable advice on my career and personal development. Mr. Sidney Leung is my mentor this year. He is kind and often shares with me his working experience in different industries. Moreover, he arranged a company visit for me, which enabled me to get a glimpse at the real working environment and various training activities in the banking industry. It was a unique and exceptional experience for a student like me. I sincerely recommend more fellow students to join this Careers Mentorship Programme, which is helpful for our future career development.

Yuki Lau
Mentee
Year 3 student in BBA

It’s an awesome experience! The Careers Mentorship Programme gives me a splendid opportunity to lead, listen, learn, link, leverage and laugh. To live up to the expectation of my mentee Yuki Lau, I have to ensure that I must lead myself first before making any attempt to lead others. Yuki has inspired me about her unfailing power to make a difference from the ground level up. The road has not been rosy when she meanders in and out of the campus, but she perseveres and endures along well.

To understand her needs I learn to pause and listen – from her perspective. That’s tough for me because I like to talk although God gives me one mouth and two ears. During the appointments with Yuki, I would always make a mental note to practice empathetic listening with an aim to understand rather than to respond and win ominers over.

A huge time difference stands between us so I cannot impose my values to Yuki by saying, ‘when I was your age I would or wouldn’t do this… ’ I hope that she has found some of my life stories not too boring, and that she can link them to her road ahead.

Leveraging on this engaging mentorship programme, I get to know many other promising students. Their passionate thoughts and deeds have opened my eyes and ears to a colourful world that’s beyond my wildest dream where I laugh and rejoice. Thank you HSBC and I count my blessing to have walked along with Yuki for such a wonderful year!!

看不到的體驗…

在二零一二年十二月在「博聞廣學系列」中舉辦的「黑暗中對話」活動中，我經歷了五小時的即興活動，並在活動後寫下感想。活動中，我們在黑暗中進行各種活動，包括書寫、交換感想等，而這次的活動讓我深刻体会到在黑暗中生活的困難和挑戰。

活動開始時，我們被蒙上眼罩，並在黑暗中筆記。我起初感到很不習慣，但隨著時間的流逝，我開始習慣這種方式，甚至開始享受這種特殊的體驗。

活動中，我們還有機會進行書寫活動，我寫下了很多感想和想法。這些內容讓我對自己的內心有更多的了解，也讓我開始思考自己的人生目標和未來的發展方向。

整個活動讓我深受感動，我開始思考這個活動對我的未來有何影響。我開始思考自己的人生目標和未來的發展方向，這對我的成長有很大的幫助。我開始意識到在黑暗中生活的挑戰和困難，但同時也讓我學會了如何在這種情況下保持鎮定和自信。

總體來說，這次的活動讓我學到了很多，而這些體驗將對我未來的生活和發展產生很大的影響。我感謝這個活動為我提供了這種特別的體驗，我也會在未來的生活中繼續努力，不斷提升自己，成就非凡。
Global Y’s Trainee Programme 2013

8 HSIC students were nominated through interviews from 7 universities and colleges (totally over 400 applicants) to join this overseas internship programme.

During 16 to 17 March and 23 March, students are equipped with camp skills and good work practice before departure that they would then be sent to work under YMCA in Germany, New Zealand, USA, Sri Lanka, Japan, Thailand and Mainland for 4 to 8 weeks in the summer!

Thailand Marine Conservation Trip

12 HSIC students were selected to join a study trip of Marine Conservation in Thailand during 14 to 19 Jan 2013, organized by four executive committees of College-Y, which students have gained lots of new experience.

Participants reflected that the locals in Thailand seem to be more passionate and persistent about environmental protection than those in Hong Kong, because they live with the environment. Besides, when the government of Thailand faces protests, they are more willing to make a concession. On the other hand, Hong Kong government usually makes a compensation policy to minimize the loss instead of creating a constructive proposal. After this trip, participants plan to share and promote what they have learnt in Thailand to the children in Hong Kong by organizing some educational programme.
